Subject	East End Business District Reconstruction Project; Weekly Update

September 4th, 2026

Dear Ellsworth Resident,

I am pleased to share this week's update for the East End Business District Reconstruction Project.

This week the Contractor:

- Continued pouring the concrete sidewalk and driveways along E. Wall St, N. Broadway Street and N. Morse St.
- Poured the remaining curb and gutter gaps along N. Morse St.
- Started placing topsoil along E. Wall St and N. Morse St.
- Started rough grading the roadway with gravel.

Next week the Contractor expects to:

- Continue electrical work along E. Wall St and N. Broadway St.
- Continue sidewalk construction along E. Wall St, N. Broadway St and N. Morse St (tentative).
- Pour the concrete curb and gutter along N. Broadway St and the median along E. Wall St.
- Continue rough grading the roadway with gravel.

Driveways will not be accessible for seven days after the new sidewalk and curb and gutter are poured. For the new concrete to cure properly, we kindly ask the following:

1. Do not walk on the new concrete for at least seven (7) hours after being poured.
2. Do not drive on the new concrete for at least seven (7) days after being poured.

Mail is being delivered to temporary mailboxes located along Cross Cut Avenue. Your street address will be labeled on one of the temporary mailboxes at the temporary location. Your existing mailbox will be placed in an area of your yard away from the street and will be re-installed at its original location at the end of the project. If you cannot find your address on any of the temporary mailboxes along N. Cross Cut Avenue, your mail is being held by the Ellsworth Post Office. All large packages are also being held by the Ellsworth Post Office.

Please place your garbage/recycling bins at the end of your driveway as usual for Monday morning pickup.

To receive updates for the East End Business District Reconstruction project, please sign up for notifications on the Village website at https://villageofellsworth.org/mass-notifications. If you have questions, please do not hesitate to contact myself or the project manager below.

Sincerely,

CEDAR CORPORATION
